Dear Computing Faculty Office

We are 4th year recent graduates of the BSc in Cyber Security at Bahir Dar University. We respectfully request the Faculty's support in officially announcing the Cyber Security program and its graduates to relevant **governmental and non-governmental institutions**.

Based on information from last year's graduates, limited job opportunities were mainly due to a **lack of awareness among employers** about the existence of the Cyber Security BSc program. We will be available for employment within the next three months and believe an official announcement from the Faculty would greatly improve recognition and employment opportunities.

Thank you for your time and support. We look forward to your response.

Sincerely,

**Abinet Melkamu
